FIGHTING BACK AGAINST INJUSTICE

For many years I have thought that people hurt at JRC deserve their day in court and to be compensated for the things done to them.

I have identified an amazing, passionate group of lawyers who are committed to representing people who have been hurt or mistreated at the Judge Rotenberg Center.

If you are a resident, past resident, family member, or current/past staff person of JRC who has experienced or witnessed mistreatment or abuse, we want to hear from you.

If you have experienced or witnessed any of the types of abuse on the left, please email me at nancyrobinweiss@gmail.com.

We will find a time to talk by phone. Your information and potential participation will be kept confidential.

This is an effort to get some restitution (money) for what people who were there endured. There will be no cost to you to participate in a lawsuit. Your identity will be fully protected if you prefer.

Thank you for speaking up against abuse; doing so will not only help you but your voice can benefit people who can't speak on their own behalf.
